card payment accepted.

## ABOUT NADCA 12

Dedicated to the growth of Wisconsin's die casting industry, Chapter 12 of the North American Die Casting Association (NADCA) is driven by three pillars: supporting the education of our future leaders through scholarship, enlightening our members through educational opportunities, and creating forums for networking and best practice sharing within the industry.

NADCA 12's Wisconsin events and meetings help foster community and local business relationships, provide networking opportunities and allow for discussions on developments in the industry.

## GOLF OUTING

This fun annual event draws many NADCA members and supporters. Funds raised support the future generation of metal casters through scholarship. Our annual meeting is held at this event.

## MEMBER DIRECTORY

Published annually, this handy directory is distributed to all chapter members.

## SCHOLARSHIPS

NADCA 12 offers annual college scholarships to students who can link their area of study to manufacturing. Visit our website for details: [NADCA12.org](http://NADCA12.org).
